 - Ear Hooks
 - Beads (spacer beads, glass beads, etc.)
- ❖ Polymer Clay
 - Sculpey Translucent Liquid Clay or Sculpey Bake and Bond or Kato PolyPaste
 - 2 oz. of Premo Black Clay
 - 2 oz. of Premo White Clay
 - 2 oz. of Premo Light Color Clay (for skinner blend)
 - 2 oz. of Premo Dark Color Clay (for skinner blend)

Note: Deb is going to show us how to make some really simple canes to decorate our chili peppers and will also have a few of the simple canes available for us to use. In addition, Deb will provide an abbreviated version of her chili pepper earrings tutorial to all attendees. However, a full version of this handout can be obtained for \$5 during the meeting. The full tutorial provides full picture details of more complicated canes and techniques that she uses to make these earrings.
